

Kelly Fairweather

Kelly Fairweather has spent the last eight years working at the intersection of behavioral health, outreach, and client advocacy—supporting veterans and underserved communities navigating co-occurring mental health and substance use challenges. With a strong background in client relations, Kelly excels at building trust, breaking down barriers to care, and ensuring individuals feel seen, heard, and supported throughout their treatment journey.

His work spans all levels of care, from community outreach and engagement to facilitating seamless transitions into treatment and long-term recovery. Kelly is deeply committed to connecting people with the resources they need, fostering lasting relationships, and creating pathways to healing for those who often fall through the cracks.
